Sir,

Adverting to your letter No. 6377 dated September 27th 1909, I have the honour to state that the Chaplain of Mercara and Mysore has asked to be informed whether or not fees should be levied for graves in the Chamundi cemetery, and if so, to whom these fees should be credited.

As the Government of Mysore constructed the cemetery and pays the Mali who keeps it in order, presumably any fees that are collected should be paid into the Mysore Government treasury; in that case, will the Government of Mysore adopt the scale of fees which are levied in cemeteries for the maintenance of which the British Government is responsible, and which are laid down in Madras Government Order No. 85 Ecclesiastical, dated November 24th, 1909.

The further question will arise in connection with this cemetery as to what fees, if any, are to be levied for the erection of monuments, and whether or not the Government of Mysore will allow tombs to be endowed and so accept resonsibility for their maintenance.

I have etc.,

I write, reference to your letter no. G. 39/G.D. 9-10-14 dated 7th July 1911 regarding the new Cemetery at Mysore, I have the honor to state that I consulted Messrs G. Venkatkar and M. Keshava Rao on the several points raised in the enclosures to the letter to the Honorable the Resident in Mysore. These officers are of opinion that there is no necessity to throw open this new Cemetery to the European public as there is sufficient space in the old cemetery. The Chaplain of Mysore and Merikal states

states that there is no immediate reason why this Cemetery (7) should be in general use since there is plenty of space in the old cemetery which can be used for many more years. But he says that both the new and the old cemeteries may be used concurrently.

But I agree with the Regional Sub Division Officer who is not in favour of opening this new cemetery to the public for there is no immediate necessity made out for doing so. Further this cemetery was formed under very exceptional circumstances and not with the object of throwing it open to the public.

While there is no necessity for using this cemetery for interring the dead bodies, the question of accepting or not, the endowments and of the levy of fees, need not be taken up now.

As for the name to be given

piece to this Cemetery, I wonto suggest that it might be called "Bandeplya Cemetry" as the Cemetery is nearest to the village of that name.

I have herein enclosed a copy of Chaplain's letter addressed to the Mysore Sub Division Officer, for your information

To
The Assistant Commissioner
Mysore District.

Sir

In reply to your letter no. 127 dated 6th Sept 1911, I have the honor to submit my views on the points raised by the Archdeacon of Madras and the Deputy Commissioner of Mysore on the subject of the Chamundi Cemetery.

(1) One other body, beside that of the late Mr. Benson has already been interred in this Cemetery viz that of the late Mr. Bell on 17th October 1906, So the Cemetery is already, to a certain extent, thrown open to the Euro-

pean

European public. There is no immediate reason why this cemetery should be in general use since the unconsecrated portion of the old Cemetery will last for many years and the consecrated portion still longer; but, as the Chamundi Cemetery exists and is maintained in order, and as two burials have already taken place there, I see no reason why the two cemeteries should not be used concurrently, the relatives being given the choice of which they prefer.

(2) I think that grave and monument fees should certainly be charged on the same scale as are charged in Cemeteries maintained by the British Government, and that these fees should be paid into the Treasury of the Government which maintains the Cemetery with its walls gates in order.

(3) I think it would be a

(11)

to the Europeans resident in Mysore if the Mysore Government would accept the endowment of monuments under the rules laid down for Cemeteries in the Madras Presidency in G.O. 85 Eccl: dated Nov. 24. 1909.

is no immediate necessity to allow open the new cemetery to the public as there is plenty of room in the old cemetery, & it can be used for many more years. In the Tier the Durbar, do not consider it necessary at present to go into the question of the levy of fees and endowment of lands in the said cemetery.

I am to add that it is the intention of the Durbar to call the new Cemetery by the name "Bandepalya Cemetery" after the village near which it is situated, in preference to "Channendi Cemetery" which is not considered suitable.
